# Message from the President

LAURA GREEN

*“Music can change the world because it can change people. .” Bono*

Dear Guild Members, Friends and Sponsors,

Since 1964, the Greensboro Symphony Guild has cared passionately about the Arts, devoting thousands of volunteer hours and more than a million dollars to promote music education and appreciation in the Piedmont Triad. Why has “Music Mattered” for the past 55 years and still matters more than ever today?

**Music can change children** who discover its passion and power – recognition of the wonder and emotion musical notes can elicit. Musical training gives children structure, enforces mathematics, and teaches learning and life skills, not necessarily in an academic situation. Music education is an important factor in helping children develop a strong sense of discipline and achievement. Music wires kids’ brains for success. It is an equalizer and a game changer. Maybe most importantly, music can teach children how to cooperate and work with others – incredibly important in today’s world.

**Music can change adults** who view it as a celebration of the soul - a delightful expression in moments of joy and a comfort in times of profound sadness. The gift of music can solidify old friendships, create new ones and unite those friends in a singular purpose as it defines life’s most memorable moments.

We live in exciting times! The Piedmont Triad is on the brink of a cultural awakening as the Steven Tanger Center for the Performing Arts prepares to open in the spring of 2020. Likewise, the Greensboro Symphony Guild is positioned to play a key role in community efforts to realize the full potential of both the economic impact as well as the enhanced quality of life that a more vibrant arts presence can have in our community. We have an awesome responsibility ahead, but I am confident that our very accomplished organization and dynamic volunteers are up to the challenge.

When our Future Planning Team began its initial work, we resolved to focus on three priorities central to our purpose – promote **Music Education**, particularly the Lillian Rauch Beginning Strings program, expand **Fundraising** by building and strengthening sponsor partnerships and community collaborations, and revitalize our **Membership**, developing a robust plan for recruitment, retention and engagement. As the Guild year concludes, I am pleased to report that we have had extraordinary success in all three areas, thanks to a strong, active and engaged membership and remarkable community support. All of these components have come together to create a positive and significant impact in our community. We also managed to have a great deal of enjoyment along the way!

**How do we continue this momentum?** Remember our primary purpose and our mission statement. Keep our activities fun and compelling. Educate our membership and the community about the value of what we do. Continue to develop a cooperative spirit. Remember that our collective wisdom is greater than any one person as our efforts together can accomplish so much more. Ask yourself, how will my support of this organization benefit me; and consequently, how can my membership be of benefit to the organization? Being an active and engaged member could present the opportunity for an exciting growth curve for you. Those skills and traits you already possess may be just what someone saw in you and need for a particular task. Remember, they asked you so you already know they saw something in you. Say “Yes!” when asked to be a part or take the lead.

As an organization, our best days are yet to come. Our full potential has yet to be realized. I look forward to continuing to work with you in what promises to be another energetic and exciting year ahead.

On a personal note, I thank each of you for the privilege of serving as your Guild President. I have appreciated the opportunity to grow, be inspired, stretch, develop and create. I am overwhelmed and humbled by the success of our efforts this year thanks to the incredible leadership of our Executive Committee and Board, the support of an entire membership, generous sponsors and unprecedented community engagement. New friendships have been formed and old friendships renewed and strengthened. I continue to be struck by your willingness to jump in and help with whatever challenge has been presented, by your unlimited kindness, patience, grace, positive support, good humor and creativity. My parents always told me that whatever you think you are giving of yourself, you will undoubtedly receive so much more in return.

For these many gifts, I sincerely thank you.

My Warmest Personal Regards,

## Mary Fran Schickedantz Receives Golden Note Award

Congratulations to **Mary Fran Schickedantz** who was presented the Golden Note Award at the May 15th Guild Cocktail Party. This award is presented to a Guild member who has made an outstanding service contribution to the Guild and to the community. This year's recipient has certainly done that over her years in the Guild.

Mary Fran joined the Guild immediately after moving to Greensboro in 1968. She has been a GSO ticket holder since then, spanning the years from Morgenstern to Sitkovetsky. Mary Fran has been passionate about symphonic music since she took her first music appreciation course at Ohio Wesleyan University. She wanted to impart the same passion and love for classical music onto her four children. She and her late husband, Paul, regularly attended concerts with them and helped prepare them by checking out recordings of the program music from the Public Library prior to the concerts.

When Mary Fran joined the Guild in 1968, Guild members were responsible for promoting the orchestra by selling tickets. Mary Fran was active in this volunteer effort. She also worked on the committee who regularly prepared rehearsal meals for the orchestra. In addition, she served on the Guild's Hospitality Committee for numerous years. Beginning in 1971, she served as an officer on at least 12 Guild Boards.

In addition to her work as a Guild officer, Mary Fran put her impressive organizational and technical skills to good use in many other committee jobs. She was instrumental in writing, publishing and mailing the Guild's first newsletter and did this job for many years. She also served as Guild Treasurer for several years and was the first to use a digital form of accounting to significantly improve the efficiency and accuracy of the process. She published the Deb Handbook for the Presentation Ball Committee and remained an active volunteer with the Homes Tour, Gala, and Golf Classic Committees.

One of her favorite activities was singing second soprano in the Guild's Women's Chorus founded by Barbara Bair. For many years, the Women's Chorus served as an effective marketing tool for the Guild, performing in various churches, community centers and retirement homes.

She played a major role in developing and managing the first Elementary School Concerts. When the concerts were first organized in 1978, it was she who volunteered to work with the schools to manage the complicated transportation schedule. Mary Fran was integral to executing the seating plan and making sure the buses moved along in a timely fashion. Prior to the concerts, she was actively involved with the traveling puppet shows designed by Guild members to teach the school children concert manners and etiquette.

Most recently, when the Guild and GSO celebrated the 40th anniversary of our elementary school concerts with a special luncheon in March of 2018, Mary Fran again put her considerable management skills to task, assisting Chairs **Peggy Johnson** and **Judy Jolly** in developing the invitation list, managing the rsvp's, working out the seating arrangements, and handling the details of the luncheon.

She remains active with the American Association of University Women and she has been active in Leadership Greensboro Seniors since its inception.

Mary Fran has contributed her time and talent to the Guild for more than 40 years. Her leadership, management, and technical skills have had an enormous impact and have served as a blueprint for the modern Guild we enjoy today. Congratulations and thank you Mary Fran for your years of service.

## Dr. Nathan Street and Maria-Elena Surprenant from GCS Arts Highlight Recent Successes of GCS Arts at April 10 General Membership Meeting

The general membership met on April 10 at the home of **Julene Valitutto**. Guest speakers Dr. Nathan Street, Ed. D., the Director of Fine Arts, and Maria-Elena Surprenant, Curator of Fine Arts Grants, from Guilford County Schools presented the recent success and future goals of the Fine Arts Program.

The Guilford County Schools Fine Arts Program has an overarching mission of ensuring every GCS student has access to a world class arts education experience and graduates with skills whereby he or she may be life-long arts learners and appreciators. To this end, Dr. Street shared several awards and grants the Program has received in recent years. They are briefly summarized below:

### 2017

- GCS was awarded the Professional Development in Arts Education grant valued at \$1.4 million. This grant is awarded by the US Department of Education. GCS was one of 20 recipients and the only recipient in North Carolina.

### 2018

- John F. Kennedy Center for the Performing Arts District of Excellence in Arts Education valued at \$10,000.
- National Association for Music Merchants (NAMM) Best Community for Music Education
- Assistance in Arts Education Development Dissemination (AAEDD) grant valued at \$2.5 million. This grant is awarded by the US Department of Education. GCS was one of 20 recipients and the only recipient in North Carolina.
- Lang Lang International Music Foundation Keys of Inspiration valued at \$1 million to place piano labs in Title I elementary schools. GCS was one of eight school districts selected nationally.

### 2019

- National Association for Music Merchants (NAMM) Best Community for Music Education for the second consecutive year.
- Theresa Kennedy, choral director at Jamestown Middle School, named NC Choral Director of the Year and national Music Teacher of Excellence by the Country Music Association Foundation — 1 of 10 nationally recognized.
- Dr. Sandra Teglas, elementary music teacher at Gibsonville Elementary School, named NC Elementary Music Teacher of the Year

The monies awarded to GCS Fine Arts are largely due to the clear vision of the department which is outlined in its comprehensive Arts Master Plan 2022. This Master Plan reflects the aims, goals, and objectives of GCS Arts. Dr. Street and Ms. Surprenant spoke briefly on the goals of the Master Plan and the programs it has implemented within GCS. These programs range from apprenticeship programs for older students to providing private lessons for students who normally would not be able to afford them. As Dr. Street stated “The research shows us that students involved in art are more likely to succeed in school. With these programs, we are leading the way to closing the opportunity gap and giving more of our students the chance to ignite their passion and interest in the arts and school.”

It is easy to forget that GCS Arts is one of the premier arts education programs in the nation. Dr. Street and Ms. Surprenant’s presentation served as a wonderful reminder of this to all in attendance at the meeting. It sparked several conversations on how to further the Guild’s mission in supporting music education initiatives. ## Daniel Crupi honored with Barbara Cone Award

The Barbara Cone Award is presented for distinguished service in the advancement of music in the community and promotion of the Greensboro Symphony Orchestra. The recipient does not have to be a Guild member. This year's recipient is not a Guild member but his love for music, his community, and his ability to work tirelessly with various groups to share the transformative gift of music is why our committee has chosen Mr. Daniel Crupi for this honor.

*Daniel & Caroline Crupi*

Daniel came to Greensboro in 2011 to pursue a Master of Music degree after completing a Bachelor of Arts in Music at the University of Notre Dame. Beginning in June 2013 he served as the GSO's Director of Development and Public Relations and in 2016 he assumed the role of Chief Operating Officer of the GSO under President and CEO Lisa Crawford. Since coming to the GSO he has worked tirelessly on fundraising- helping to grow individual philanthropy and corporate sponsorships; winning competitive national grants from the League of American Orchestras and National Endowment for the Arts; co-founded the Vivace Young Professionals; pioneered unique concepts such as film/live concert performances; and managed media relationships, including TV, radio, digital and print media generating press coverage for the GSO in local and national outlets.

Daniel has not only showed his dedication and willingness to work hard in his professional capacity, but also in his volunteer activities where he has shared his talents and abilities with the community at large. He participates in the Rotary Club of Greensboro, Downtown Greenway, Notre Dame Club of Central North Carolina, and as Music Minister at Saint Paul the Apostle Catholic Church.

We are delighted to award this well-deserved honor from the Greensboro Symphony Guild to Daniel. Unfortunately, we are losing him as he moves on to another chapter in his life as the Executive Director of the Santa Fe Symphony and Chorus. We are sad to lose Daniel, but he and Caroline have our very best wishes for the future ahead. Congratulations, Daniel!

## Classics Honored at February Membership Tea

# Music is our Mission

## Focus on the GSO's Innovative Education Programs

Funds contributed by the Guild support a total of ten education programs administered by the Greensboro Symphony Orchestra. In this series we have already addressed The Greensboro Symphony Youth Orchestra (GSYO), Music in the Middle, the Elementary School Concerts, the High School Partnership Program, and The Beginning Strings Program but there are actually five remaining education programs that are supported by the Guild.

The Greensboro Symphony's nationally recognized **OrKIDStra** program is an interactive classroom and concert experience, emphasizing literacy, drumming, and musical expression for young children enrolled in Head Start. It fosters language and literacy skills along with positive messages of diversity, inclusion, and self-worth. Classes and concerts take place in Guilford, Alamance, Davidson, Rockingham, and Randolph counties.

The OrKIDStra class component began in 2017 at Guilford Child Development's Elm Street Center. It is inspired by symphony programs around the country and influenced by Edwin Gordon's research on how children learn music. Children receive weekly instruction from GSO musicians and staff, exposing them to live music at the highest level. They sing new and familiar songs, add movement, discover patterns, get hands-on drumming experience, and develop potential for future musical creating, listening, and expression.

The Greensboro Symphony percussion ensemble performs OrKIDStra concerts for four- and five- year olds each spring. A professional storyteller joins the ensemble to bring a children's book to life with sing-alongs, big-screen visual projections, and live music. Each child in Head Start receives his or her own copy of the chosen book. On Saturday, May 18, OrKIDStra was part of the Greensboro Bound Literary Festival. Author Connie Schofield-Morrison and her husband, illustrator Frank Morrison were present for two performances at the Greensboro Central Library featuring their book, [I Got the Rhythm](#).

From January through March each year, musicians of the GSO give **In-School Ensemble Concerts in all Guilford County elementary schools**. The Brass Quintet, String Quintet, Woodwind Quintet, and Percussion Trio combine to give over 70 performances and are heard by 12,000 fourth- and fifth-grade students! Presentations introduce students to orchestral instruments, prepare them for attending the annual Elementary School Concert, and encourage them to begin studying a musical instrument.

In the **Preludes** series of pre-concert talks, guest speakers share insights into all Masterworks and select Chamber programs. Frequent guests include Dr. Gregory Carroll, Dr. David Nelson, and Dr. Joan Titus of UNCG and Dr. Wendy Looker of Guilford College. Saturday evening Masterworks Preludes typically feature Music Director Dmitry Sitkovetsky and guest artists.

*Members of the GSO String Quintet warm up before a Music at Midday performance*

The **Music at Midday** series features performances in retirement communities and hospitals by the Greensboro Symphony Woodwind, Brass, String, and Percussion ensembles. Concerts take place in the spring and offer audience members the opportunity to meet musicians and ask questions.

Finally, the newest program, **CaringSound for Kids**, is a community partnership of the Greensboro Symphony and Cone Health Systems. This exciting program provides weekly visits by GSO musicians to Cone Health's pediatrics unit. Music is played for patients, creating opportunities for expression and socialization, while providing relief for stressed and concerned family members.

As you can see, the varied and creative GSO education programs, administered by Education Director Peter Zlotnick, use precious funds to full advantage! It is remarkable that our orchestra has so many innovative ways to reach community members of all ages. The Guild is proud to play a part in enhancing Guilford and surrounding counties with the joys of symphonic music in all its forms.

## Voices Rose in a Crescendo!

Our Simply Social honoring New Members at **GIA: Drink. Eat. Listen.** was a smashing success. We had ten new and three potential members attend our SUPER lovely event along with about 35 seasoned members. Many members sipped on the signature cocktail "Crescendo" or a glass of wine while we mingled and got to know our new members better.

Thanks to **Kathie Amato** for providing the PowerPoint presentation on why Music Matters! and to **Paul Kilmartin** for his technical expertise. Special thanks to sponsor **GIA: Drink. Eat. Listen.** for providing our venue and a door prize; and to sponsor **Botanica Flowers & Gifts** for providing the lovely floral arrangement that was also a door prize.

## We Got Shamrocked!

The 3rd annual "Let's Get Shamrocked!" was a big Irish hit! With close to 95 guests in attendance, the Guild was able to raise close to \$3,600 to support the GSO music education programs. Thank you to everyone who came out for this festive evening!

& Betsy Craft*

## Spring Gathering of the Classics

The final gathering of the "Classics" was held at the lovely home of **Gail Huggins** at 200 Sunset Drive on April 30th from 3-5pm. The weather was perfect. Gail served delicious flavors of iced tea with goodies furnished by members. Approximately 25 ladies attended, including **Elissa Fuchs**, wife of former conductor, Dr. Peter Paul Fuchs. Elissa delighted the group by reminding us of many interesting moments from years past.

## Deb Moms Meet for Wine and Cheese

The mothers of our 2019 Symphony Presentation Ball Debutantes met for their first gathering at the beautiful home of **Laura Green**, 2018-19 Guild President, on April 16. This was the first of twelve events that our Presentation Ball Committee hosts for our Debutantes and their families.

The Mothers were greeted by their host, **Laura Green, JoAnna Bright**, Ball Chair, and **Rebecca Schlosser**, Honorary Chair. After the Moms had an opportunity to meet one another and visit, several of

the 50-member Presentation Ball Committee presented information about the December 28<sup>th</sup> Ball and all the events which lead up to it. This, our 42<sup>nd</sup> Presentation Ball Season, promises to be a special year for our Debs and their families.

The Wine and Cheese Committee who provided such a great event to kick off the year are: **Karen Claypool**, chair; **Sandra Ennever**; **Andrea Knupp**; and **Pauletta Root**. Thanks to their efforts, all enjoyed a festive and fun afternoon.

## A True First Lady of Music

The Greensboro Symphony Orchestra is a long-time treasure for Greensboro and surrounding areas, bringing beautiful music via the truly talented orchestra members, guest artists and leadership of conductors. Greensboro was twice gifted in 1975 when Dr. Peter Paul Fuchs accepted his conductorship AND brought his wife, **Elissa**, to all who would have the good fortune to benefit from her personally or through her meaningful, cheerful influence in the community.

Elissa was born and reared in New Orleans. Her professional training as a ballerina began when she was only three years old. Her determination to perform on stage took precedence over her academic studies and she left high school her last semester, not having been graduated. The amazing "opening of doors" led her to opportunities with the Metropolitan Opera, the Ballet Russes and Broadway where Peter Paul was fortunate to meet and later marry her. She has continued to teach dancing wherever they have lived and founded the Greensboro School of Ballet. Her supportive father paraphrased the Fuch's story, "Peter Paul's early ambition was to be a conductor and Elissa's was to be on stage. They met at the MET and lived out their dreams." The dream has given them a lovely daughter and granddaughter.

*Elissa Fuchs*

March 10, 2019, brought more than 100 guests to celebrate Elissa's **100<sup>th</sup> Birthday!** Past and present friends, professional colleagues and students brought memories and gifts still displayed in her living room. As a dedicated attendee of the Symphony's Masterworks and a member of the Greensboro Symphony Guild, Elissa's birthday was recognized by Conductor Dmitry Sitkovetsky who dedicated the BRAHMS Symphony No. 3 to her at the February Austro-Hungarian Delight Concert. The Guild looks forward to another year of Elissa Fuch's friendship and meaningful support.

## Kick Ass Concepts Dine. Drink. Delight

Whether it's bringing innovation and modernization to Greensboro's burgeoning Midtown area or spearheading the colorful and original murals around town, **Kick Ass Concepts** is enhancing the quality of life in the Piedmont Triad. The company has not only successfully established groundbreaking dining and entertainment options, but it has recently invested in both local and international artists. Such efforts are helping to give new life and meaning to the KAC properties as well as the city in general.

A Maestro-level sponsor (\$15,000) for the 2018-19 Symphony Guild year, this progressive company includes some of the region's most exciting and original businesses. A Greensboro favorite, the **Pig Pounder Pavilion**, hosted **Oktoberfest!** in October and **Let's Get Shamrocked** in March. Both events combined great musical programs and delicious food and beverages and were well attended by Guild members and guests alike.

According to President **Laura Green**, the partnership between Kick Ass Concepts and the Greensboro Symphony Guild has been a natural fit. "Our collaboration has been exciting. Kick Ass Concepts is a forward-thinking company whose leadership is dedicated to supporting arts exposure and appreciation to residents and visitors of all ages. The murals bring art to people where they live and work. Likewise, the Symphony Guild takes music to people from preschool age to senior citizens where they live and learn, from the concert halls to the school auditoriums to the retirement facilities."

Kick Ass Concepts' current offerings include some of Greensboro's favorite dining and entertainment options:

- **Burger Warfare**—an industrial warfare themed gourmet craft burger bar, also offering adult shakes and an amazing craft beer lineup;
- **Darryl's Wood Fired Grill**—a North Carolina establishment since 1971, Darryl's has been the Triad's premier steak and rib house for more than 30 years;
- **Pig Pounder Brewery & Pavilion**—a craft microbrewery specializing in (but not limited to) English-style ales, also featuring an interactive tasting room and hourly brewery tours;
- **RED Cinemas**—a luxury movie theatre with 15-screen stadium seating and an amazing craft beer selection as well as wine, espresso, fresh popcorn and delicious snack variety;
- **Painted Plate at the Vineyard**—a premiere catering venue featuring masterful cuisine, artistic presentation and impeccable service for exclusive celebrations and corporate events.

The company is led by celebrated entrepreneur William M. "Marty" Kotis, President and CEO of Kotis Properties (parent company of Kick Ass Concepts), a real estate development firm specializing in retail and restaurant real estate. The Piedmont Triad's largest retail shopping center developer, Marty Kotis is a graduate of both the University of North Carolina at Chapel Hill and the University of North Carolina at Greensboro. Well-known and highly regarded throughout the Southeastern U.S. for his expertise in site selection, development and investment—capital services, Kotis has served on the Board of the N.C. Restaurant and Lodging Association, the Council of International Restaurant Real Estate Brokers and the external Advisory Board of UNC-G North Carolina Entrepreneurship Center. He currently serves on the UNC Board of Governors.

Bart Ortiz and Brad Semon complete the company's leadership team. KAC President Ortiz is considered a creative, forward-thinking leader with a broad range of experience driving operations for restaurants and visionary team management. He is well-known and respected throughout the region, as is celebrated restaurateur Brad Semon who concentrates on catering concepts for the company. Both Ortiz and Semon's talents and expertise are proving invaluable to the company's growing success.

"The Symphony Guild is extremely grateful to Kick Ass Concepts for their support and affiliation this year," adds **Laura Green**. "We have had a beneficial alliance; their most generous support has enabled us to affect more than 50,000 school age children alone. Both of us are committed to the fact that art is too important not to share, and that art transcends cultural barriers. Together, we are making life better for all of us in Greensboro and the Piedmont Triad."

## Spreading the Word about the Guild

The Gate City Rotary welcomed **Kathie Amato** as the speaker for one of their spring meetings. Kathie was able to thank the Gate City Rotary members in person for their generous contribution to the Lillian Rauch Beginning Strings program. She also presented the research the Guild has assembled, outlining why the arts make communities Healthy, Wealthy and Wise. Data shows that the arts and arts education have a significant impact on physical and mental health, on levels of civic engagement, on the educational attainment of students, and on the economic health of communities. A special thank you goes to **Mark Littrell**, a member of the Gate City Rotary, for arranging this presentation opportunity for the Guild.

## 2019 Annual Education Campaign has Started

The Annual Education Campaign is now underway and we encourage you to make a contribution. The campaign, which has been in place since 2015, has consistently been a great success in providing much-needed funds to further the important music education work supported by the Guild. The Guild directs the distribution of these funds to specific education programs each year, to meet additional needs that would go unmet without the monies provided through the Annual Education Campaign.

**Mitzie Weatherly** is the chair for the 2019 campaign, which starts in May and runs through December 31. For your convenience you may make your contribution at the same time you renew your membership. Contributions may be made in memory or in honor of someone special in your life. Donor names and honorees will be published in the Guild Horn and Tuned in Tuesdays throughout the fall.

The 2018 campaign set a record for giving to the Annual Education Campaign and provided funds to support purchasing instruments for the expanded OrKIDStra program for Head Start children as well as for the Lillian Rauch Beginning Strings program, needs-based scholarships for the GSYO tour, additional lessons for the Lillian Rauch Beginning Strings program, and support for Car-ingSound (formerly known as Musicare for Kids).

We are looking forward to having another highly successful Annual Education Campaign and we thank you in advance for your support of this very important initiative!

## P-O-E-TRY

That was the word that the 3rd and 4th graders were chanting as they exited the concert sponsored by the Greensboro Symphony at Grimsley High School in March.

Special guest Josephus III was spellbinding as he guided the students to the realization that music is a unique form of poetry. The notion that music always tells a story, was reinforced by Evan Feldman, as he conducted his musicians for 10 concerts over a 5 day period, performing to the majority of the 3rd and 4th grade students in Guilford County.

Special thanks to the Greensboro Symphony Guild volunteers, their friends and some of the husbands who helped with logistics, manning the flags, directing, counting, and other numerous jobs that it takes to keep things running efficiently.

A special shout out to Sheri Summerell, our education liaison with the GSO, who managed for the buses to arrive in a timely manner and crafted a pre-concert slide show to help keep the students entertained while waiting for the concert to begin.

For 41 years, the "Young People's Concert" has been at the heart of what the Guild does for our community. This concert was the perfect learning experience for our students and a wonderful memory as well.

Let's continue to strive towards these types of experiences and memories.

## The Guild Benefits from Buckhead Betties

Our April Fundraiser with Buckhead Betties was a great success, exceeding our expectations with about 180 shoppers and \$1800 raised for the Guild. With a turnout of both Guild members and community shoppers, we were busy the entire day and especially enjoyed our shoppers pausing long enough to show us their purchases.

## An Enjoyable Evening of Shopping at Soft Surroundings

About 40 shoppers joined us on a blustery evening of shopping and refreshments. Jonah Chiu and Sabrina Patel, along with their teachers Colleen Chenail and Katherine Miller from the Music Academy of North Carolina and Honour An and Hope Carter-Davis of GSYO provided violin concerts for our shoppers.

Nine shoppers won a gift bag with a fun surprise and **Pauletta Root** won the gift card. Thanks to our shoppers supporting this event, the Guild raised \$524 in support of our Education programs!

## Youth Orchestra Concludes a Remarkable Year

The Youth Camerata, Youth Philharmonic and Youth Orchestra performed at their final concert of the year on May 19 at Dana Auditorium. Audience members witnessed first hand the dynamic instructors who mentor our talented young musicians ranging in age from 7-17. Conductors included Colleen Chenail (Youth Philharmonic) and Rachel Watson and Ryane Dunnagan (Youth Camerata).

Conducted by Evan Feldman, the Youth Orchestra performed the first movement of the Haydn Cello Concerto in C, music of Dvorak and Tchaikovsky, and the premiere performance of the winning work in this year's Young Composers Contest: *Excursion into Philosophy* by GSYO member Ian Jones. The featured soloist for the Haydn piece was Kevin Agner.

Scholarships funded by the Guild, including the Conductor's Award, Sullivan Award, Sam Wilson Award, and Armfield/Eichhorn Scholarship, were presented by President-Elect Vanessa Skenes. It has been a stellar year for all of the youth orchestras. Auditions for next year's ensembles are just around the corner in early September and we look forward to another wonderful 2019-2020 season.

## In Memoriam Hughlene & Bill Frank

Hughlene and Bill Frank perished in a house fire on May 19, 2019. Hughlene had been a Guild member since 1978. The following testimonial was made in support of the Greensboro Symphony Orchestra and Symphony Guild by Hughlene.

*Testimonies to the power of educational outreach, Hughlene and Bill Frank's lives were transformed by early musical experiences.*

Raised in a small town of 1,500, Hughlene played in her high school band and studied piano under a Juilliard graduate. However, she remembers her true interest in music awakening following an outreach performance by the North Carolina Symphony. "While Bill grew to love music through his parents, that particular performance was instrumental in introducing me to classical symphonic music," she says. "The Greensboro Symphony does the same in the surrounding areas. It brings awareness—exactly what that concert did for me in my small town."

The GSO made a similarly strong impression when the Franks married and began their lives here in 1970. "It stands out for us because it was our introduction to the cultural life of Greensboro," says Hughlene. "It was, and still is, an organization that reached out into the community and functioned as the foundation of what Greensboro stands for as a city."

After developing a network of friends centered around the Symphony Guild and the Endowment, the Franks wanted to make a difference in a meaningful way. "It was a circle of friends helping a very worthy cause that makes a tremendous difference in our community," she says. "Once you have contributed to the Endowment Fund, your excitement about what is happening at the Symphony just continues to grow. And you never know who you are touching."
